PROSPECTUS

23RD ANNUAL SYMPOSIUM OF THE
AMERICAN SOCIETY OF SPINE RADIOLOGY

FEBRUARY 12 - 16, 2020

**Ritz-Carlton, Laguna-Niguel
Dana Point, California**

www.theassr.org

Dear Friends,

We would like to offer our industry partners a warm invitation to participate in the **American Society of Spine Radiology Annual Symposium to be held February 12 -16, 2020 in Dana Point California at the Ritz Carlton Laguna Niguel**. The theme of the symposium is "Seeing Spine Radiology More Clearly at ASSR 2020".

The ASSR provides a wealth of education and training in diagnostic and interventional spine radiology. Historically, the interaction with industry partners is considered a key benefit of the meeting for our member attendees. ASSR faculty and keynote speakers are nationally and internationally recognized for their expertise in spine imaging and intervention. There are opportunities to network with colleagues across the globe.

#ASSR20 will feature dedicated resident, fellow and young professional programming for hands-on training in spine interventional procedures. Certification and focus sessions on emergency spine, spondyloarthritides, scoliosis, advanced interventional oncologic interventions, new techniques and innovations, such as stem cell therapies, 3D printing and high field imaging are just a few of the many topics to be explored in Dana Point. The perennially popular "game show" competition pitting attendees' vs the experts is a fun and stimulating way to cap off an afternoon of learning.

Attendee interactions with industry partners do not stop in the meeting room or vendor booths or spine procedure workshops! We encourage our industry partners to attend our opening and closing receptions and faculty dinner to meet the members and exchange ideas. Such interactions may lead to innovation and collaboration.

There will be a 5K Run Walk to benefit the research and education fund and our heart health! We encourage you to stay with us and enjoy the meeting, the camaraderie, and the views of the Pacific while experiencing the best in spine radiology.

Looking forward to "seeing you" at #ASSR20 for a 2020 Vision of Diagnostic and Interventional Spine Radiology!

*Michele H Johnson MD, FACR, FASER
ASSR 2020 President and Program Chair*

ACCOMMODATIONS

THE RITZ-CARLTON

One Ritz-Carlton Drive,
Dana Point, California 92629
Phone: (877) 266-6065

Check-in Time: 4:00 pm. Check-out Time: 11:00 am.
Reservations must be made on or before cut-off date.

NEW
THIS
YEAR!

ASSR 2020 SPINE HANDS-ON WORKSHOP

On Wednesday February 12th, 2020, we invite you to kick off #ASSR20 by joining the ASSR Spine Hands-On Workshop

Targeted participants: Neuroradiologists, Interventionalists, and Musculoskeletal radiologists ranging from in-training through the first 5 years of practice.

International experts in spine intervention will lead this full-day course comprised of didactic lectures and hands-on image-guided practice on specially-constructed simulation models that mimic real-world challenges. This comprehensive course has been designed to bridge principles into practice and assist in building a skill set for spine intervention. This technical, how-to course will cover spine biopsies, spine injections (nerve root blocks/epidurals/facet), nerve ablation, vertebral augmentation, spine implant and hardware placement, spine tumor ablation, and embolization.

With an anticipated course ratio of 3-4:1 participants to faculty, this is your chance to obtain the hands-on training you want and engage in valuable personal connections through one-on-one discussions with international experts. This will also be an opportunity to see the wide array of products available for biopsy, vertebral augmentation and ablation provided by vendors.

No matter your experience, whether in academics or private practice we are confident that you will leave the course with a unique enthusiasm for spine interventions!

This CME activity is primarily intended and designed to educate radiologists, neuroradiologists, musculoskeletal radiologists, interventional radiologists, spine surgeons, pain management and rehabilitation physicians, anesthesiologists, as well as fellows and residents in these specialties. Course material is also aimed at allied health professionals, including physician assistants and nurse practitioners who specialize, or have particular interest, in conditions affecting imaging and treatment of the spine.

SPONSORSHIP OPPORTUNITIES

DIAMOND LEVEL

Product Theater Luncheon | \$35,000

A non-competing timeslot during an ASSR provided lunch to highlight your company featuring a member of your speaker's bureau.

Your Diamond Level sponsorship includes:
